- We are the future of Event Staffing.

Testimonials

Nickel Productions, LLC

3216 Manhattan Ave Suite 4

Manhattan Beach, CA 90266

To Whom It May Concern, Tuesday June 9, 2009

Nickel Productions is extremely happy with the event consulting and concert security provided by Global Event Staffing. In February 2009, our company planned to expand our annual charity concert for the Children's Hospital. The new plan called for a larger, 2000 person rock concert adjacent to the University of Southern California Campus, along with a snowboarding contest in the middle of downtown Los Angeles. Our event components had drastically changed overnight, and our company was required to hire an event security company that had to be pre-approved by both the City of Los Angeles and the University of Southern California. The Global Group was one of three companies bidding for the job. After meeting Brian

Anderson and his team at Global, I was confident that his knowledge, experience, and professionalism would be up to the task. Over the next two months, the Global team provided important consulting in the event planning stages. Brian Anderson put in additional safeguards to combat the flexible size of the concert and snowboarding events. His professionalism was extremely useful in each of the city meetings. During the actual concert, the Global staff worked together through their communication and also in their execution. As a team, they were able to adapt to difficult situations and resolve them quickly and effectively. The size and experience of each of his staff members ensured that the rock concert was under control. I would, without a doubt, recommend Brian Anderson and The Global Group for any size event. His dedication and commitment to the project was unquestionable. Not only did The Global Group pass the approval by the LAFD, LAPD, and the University Campus Security, but The Global Group received comments and emails from each of these entities commending their job. Needless to say, we are extremely grateful and glad that we contracted Global Event

To Whom It May Concern,

I am writing to recommend The Global Group for any event

staffing or planning needs to you may have. Having worked with

Global for many years, I have been completely satisfied with their management, staffing, service, and competitive pricing.

Global has provided oversight and staffing for 6 events of mine that exceeded 8,000 attendees. They have provided personnel ranging from ticket-takers to security guards to event managers, and service with event planning, vendor solicitation, sponsorship requests, and wrap-up meetings. I cannot stress how valuable their service has been to my events!

I have no hesitation recommending The Global Group for any

needs you have. They are professional and capable and are a great asset for any event you are planning.
